

North Carolina Homeless Education Program

North Carolina Homeless Education Profile 2017-2018SY

This chart depicts national data counts that have been unduplicated and aggregated during federal processing. Students will only be counted once within each state.

The following data charts and graphs are generated from state-level data.

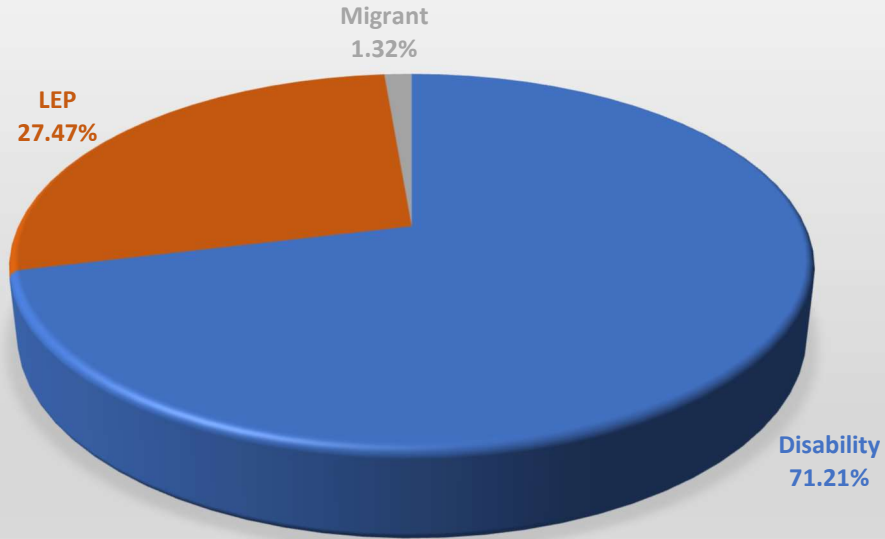

Homeless children and youth are highly mobile and may attend school in more than one school district; therefore, at the state level there may be some duplication across Local Education Agencies.”
