Getting Started: Q & A

Q: Why don't I see "Homeless" page/option on the left side menu?

A: User has not been added to the group that has access to those pages.

Q: Why don't I see the 'Edit' link?

A: User was given read-only access instead of View & Modify.

Q: Why don't I see the 'Submit' button on the detail page?

A: Security group's 'Access Level' must be set up as 'View & Modify' for whatever 'Accessible Student Screens' are needed, instead of 'View Only'. The group's 'Page Level Privilege' must be set up as 'Full', instead of 'Group default'.

Q: Why don't I see the 'Approve' button?

A: Not all the required data have been entered. There are still 'Not Modified (NM)' records left to modify.

OVERVIEW :: Congress reauthorized in December 2015 the McKinney-Vento Homeless Assistance Act, Subtitle VII-B, originally passed in 1987 to help people experiencing homelessness. This federal law includes the Education of Homeless Children and Youth Program that entitles children who are homeless to a free, appropriate public education and requires schools to remove barriers to their enrollment, attendance, and success in school.

This Act protects all students who do not have a fixed, regular and adequate residence, such as students living in the following situations:

- doubled-up housing with other families or friends due to hardship;
- runaway/homeless youth shelters (even if parents invite the youth home);
- hotels or motels;
- shelters, including domestic violence shelters;
- transitional housing shelters;

Enrolling Preschool-Age & Out-of-School Siblings

Not only do PSUs need to report data on students enrolled in their PSU, but it is also required that data be collected on preschool and out-of-school siblings (living in a qualifying McKinney-Vento situation).

The US Dept. of Education has requested this information to enable them to notify Congress of needs in communities across the country, which may ultimately result in budget adjustments and increased funding to schools, as well as affect policy changes. Information submitted to the US Dept. of Education is completely de-identified. Individual names will not be provided, only total counts will be shared.

It is important that the homeless liaison have communication with the families being identified to determine if there are children who fall into one of these categories. One suggestion on how to capture that information would be to include a question or two about siblings on the residency questionnaire that the PSU may be using.
