

North Carolina Homeless Education Program

Understanding Your Homeless Validation Reports

Addressing errors in the Homeless Validation Count report within Infinite Campus (IC) is crucial for accurate LEA data reporting. Immediate action should be taken to review, correct, and validate these records to ensure compliance with state and federal requirements. If you have questions or need assistance, please reach out to your [Program Administrator](#).

This report indicates that a student has been marked as homeless in the homeless program participation, but is not enrolled in the LEA. **A valid report shows a zero.**

This report indicates whether there is a 10% increase or decrease in the data submitted thus far compared to last year's data. The LEA will need to complete an attestation at the end of the year data submission process if yes (Y) is indicated.

This report indicates that there has not been a nighttime residence selected for one or more students chosen. **A valid report shows a zero.**

(NC) Homeless Validation Count

| FY | Count Scope | PSU Code | School Code | PSU/School Name | # Primary Nighttime Residency NA/N | # Not Enrolled in the PSU | # Served with MV Fund | Has MV Fund | Need Attestation |
|----|-------------|----------|-------------|-----------------|---------------------------------------|---------------------------|-----------------------|-------------|------------------|
|----|-------------|----------|-------------|-----------------|---------------------------------------|---------------------------|-----------------------|-------------|------------------|

This report indicates whether a student is being served with McKinney-Vento Subgrant funds under PRC 0026. **Only subgrantees should have counts in this column.**

This report indicates whether or not the LEA has McKinney-Vento Subgrant funding, PRC 0026. (Y) will show for yes, and a blank will show for no.
